

**INDEX****5.2.2 Number of students progressing to higher education during the A. Y. 2021-22**

<b>Sr. No.</b>	<b>Name of the Student</b>	<b>Branch</b>	<b>University Name</b>	<b>Name of the course</b>
1	Mr. Sujit Kale	Mechanical Engineering	SRH Berlin University of Applied Science	Master in Supply Chain Management

ICEM/LOR/96/2022-23

Date: 15/09/2022

### LETTER OF RECOMMENDATION

I take this opportunity to support my student, Mr. Sujit Vitthal Kale's application for the Master's program in your university. As a Professor, I know Sujit since second year of undergraduate program.

I instructed him in the subject of thermodynamics as the professor, and throughout this He demonstrated his ability to think critically and from an original point of view. Mr. Kale is a student that has a lot of potential, in my opinion. He has a fast mind and can absorb concepts swiftly and precisely and puts them to good use in practice. He loves learning and is curious about everything. These qualities are backed up by persistent effort and hard work when attempting new things. He is a very diligent learner who is highly practical focused.

I have seen Mr. Kale's work during his graduation in a range of sectors. He has been a complete player. He has demonstrated traits such as effective managerial talents, communication abilities, patience, hard effort, the ability to make decisions, leadership abilities, and he is a team player. I have no doubt that he would make an excellent candidate for your university's master's program because he has a strong desire to pursue higher education and the necessary skills. Sujit undoubtedly possesses the abilities and talent needed to succeed in his Master's degree, but I believe that what will help him succeed is his real enthusiasm for and interest in the field of industrial engineering and his desire to enhance human existence through its diverse applications.

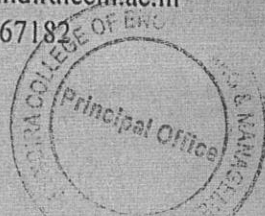

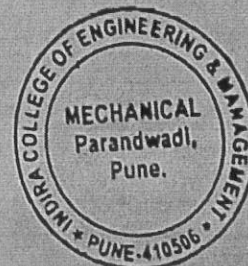

He has the aptitude, potential, temperament, and resolve to pursue the M.S. program, in my opinion. I have no issue in providing him a strong recommendation because I recognize his eagerness and satisfied need for more knowledge in his area of interest.

Sincerely,

*Ashwini Admane*

## Guarantee of University Placement

Dear Sujit,

We would like to congratulate you on your successful study application and are happy to offer you a university place at SRH Berlin University of Applied Sciences for the [MSc] Supply Chain Management, starting in the Summer semester 2023.

Your place is guaranteed until **31.12.2022**

To accept the offer, please sign the attached agreement and return it by uploading it to the Admissions portal ([apply.srh.de](https://apply.srh.de)) or send it via e-mail to [applyforberlin@srh.de](mailto:applyforberlin@srh.de).

Studies will begin in Summer semester 2023.

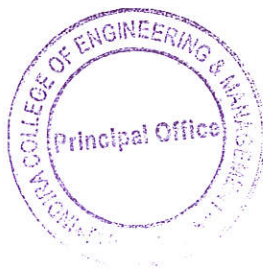

Please make sure to bring along one original copy of your signed University Education Agreement as well as original or certified copies of your application documents to our Welcome Week.

Should you require a study visa for Germany, you may start the visa application process as soon as you receive the acceptance documents.

We look forward to meeting and welcoming you to SRH Berlin University of Applied Sciences in Summer semester 2023!

Best regards,

Melanie Kunz | Head of Enrollment
