One Page Report On Study at Aachen University (Germany)

Date: 14th Sept 2022**Venue:** Vishweshwarya Hall

Indira College of Engineering & Management, Pune. has organized guest lecture on **Study at Aachen University (Germany)** for the students of Third year & Fourth Year Engineering on 14/09/2022. The speaker for this session was Dr. Sandeep P. Patil, (Director of Office at International Academy Germany). Pune. Around 50 students and faculty members are attended the session.

The resource person - Dr. Sandeep P. Patil, Director of Office at International Academy Germany, spoke on the topic – Introduction of study in Germany (Higher Education), Admission Process & Scholarship.

Thereafter, there was a session of question and answers in which students asked many interesting questions from the speakers to satisfy their curiosity. The session was very interactive & informative with many students & Faculty members.

One Page Report on Research project discussion on PAVANA project with IIT Ropar.

EVENT DATES: 12th Oct 2022

Research & Development cell of Indira college of engineering and management had taken a great initiative in research projects of ICEM faculties. R& D Cell organize a presentation and discussion on PAVANA project with IIT Ropar scientist. IIT Ropar scientist gives their suggestion to faculty members which are very much useful to faculty for their further research. Faculty of civil department Prof.Saini and Prof. Satpute consider IIT Ropar scientist suggestion and working on that. This presentation and discussion gives a proper direction to faculty.

One Page Report on Research opportunities and project discussion in Civil Engineering with Scientist of CWPRS

EVENT DATES: 19th Oct 2022

In the beginning of 20th century, the need for small scale laboratory investigation to study the problems of irrigation and drainage was recognized by the Government. The Central Water and power Research Station (CWPRS), Pune as it is known today. By considering this fact R& D Cell of Indira college of Engineering and management, Pune organized one webinar on “Research opportunities and project discussion in civil engineering” with scientist of CWPRS.

This discussion is held online by using ZOOM platform and points discussed in this meeting are as follows

- (a) Water/industry discharge assessment, treatment, and management,
- (b) Advancement of land resources and farm preparation,
- (c) Agriculture automation and precision farming,
- (d) Harvesting and post-harvesting,
- (e) The application of the Internet of Things (IoT) systems in the domain of Agriculture and Water.

Civil engineering department faculties are very much thankful to CWPRS team, this online discussion very much beneficial to them for future research, also some of the faculties are discussed their ongoing research project with CWPRS team. These faculties got one proper direction with the help of their guidance. Civil department very much grateful to R&D Cell of ICEM to organized such a great webinar.

Webinar Report

Topic : "Research Projects and Opportunities in Mechanical Engineering"

Date : 24/01/2023

Dr. Sandeep Patil, Director India office at RWTH International Academy, Germany, conducted a webinar on "Research Projects and Opportunities in Mechanical Engineering" on 24th January 2023. The webinar was organized by the Research and Development Cell of Indira College of Engineering and Management and was attended by all faculty members and researchers of Mechanical Engineering department.

Dr. Patil started the webinar by introducing the RWTH International Academy and the research opportunities available in mechanical engineering. He shared that RWTH Aachen University is one of the top-ranked technical universities in Germany and has a strong focus on research and innovation. He highlighted the importance of research in mechanical engineering and how it can help in solving real-world problems.

Dr. Patil discussed the various research projects currently being undertaken at RWTH Aachen University. He shared that the university has a strong focus on sustainability and is working on projects related to renewable energy, energy storage, and energy efficiency. He also discussed research projects related to lightweight materials, automation, and robotics, which have significant applications in various industries such as automotive, aerospace, and manufacturing.

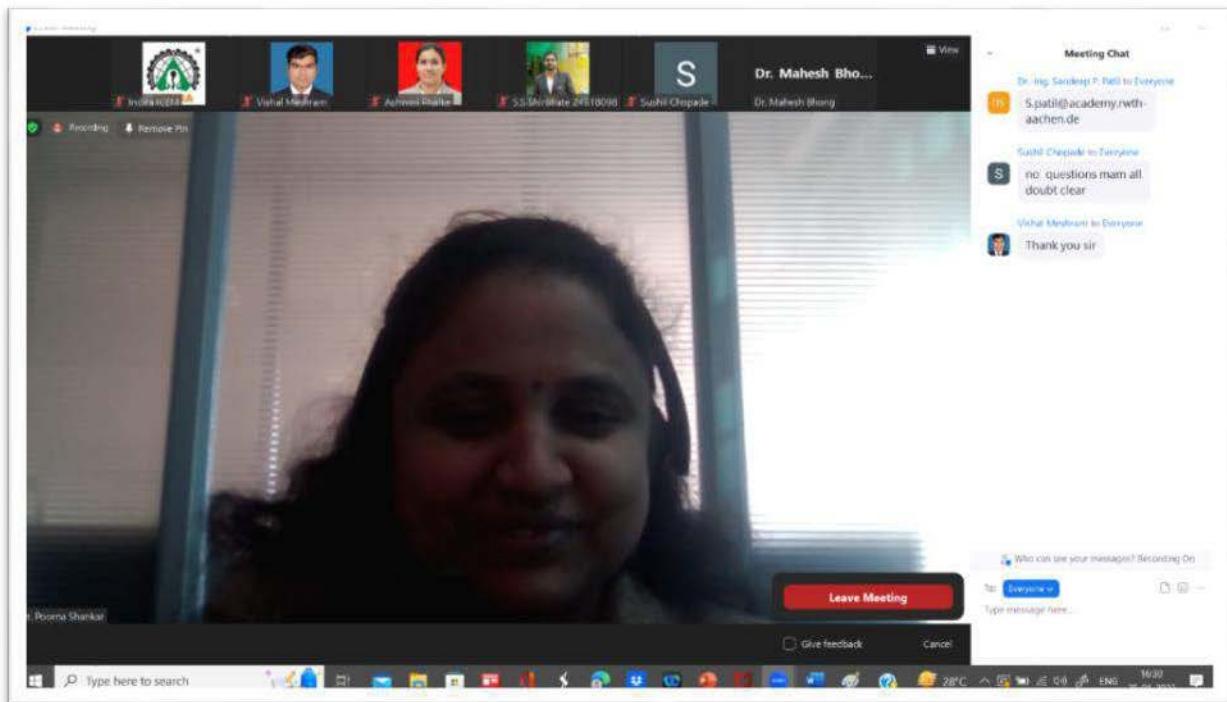

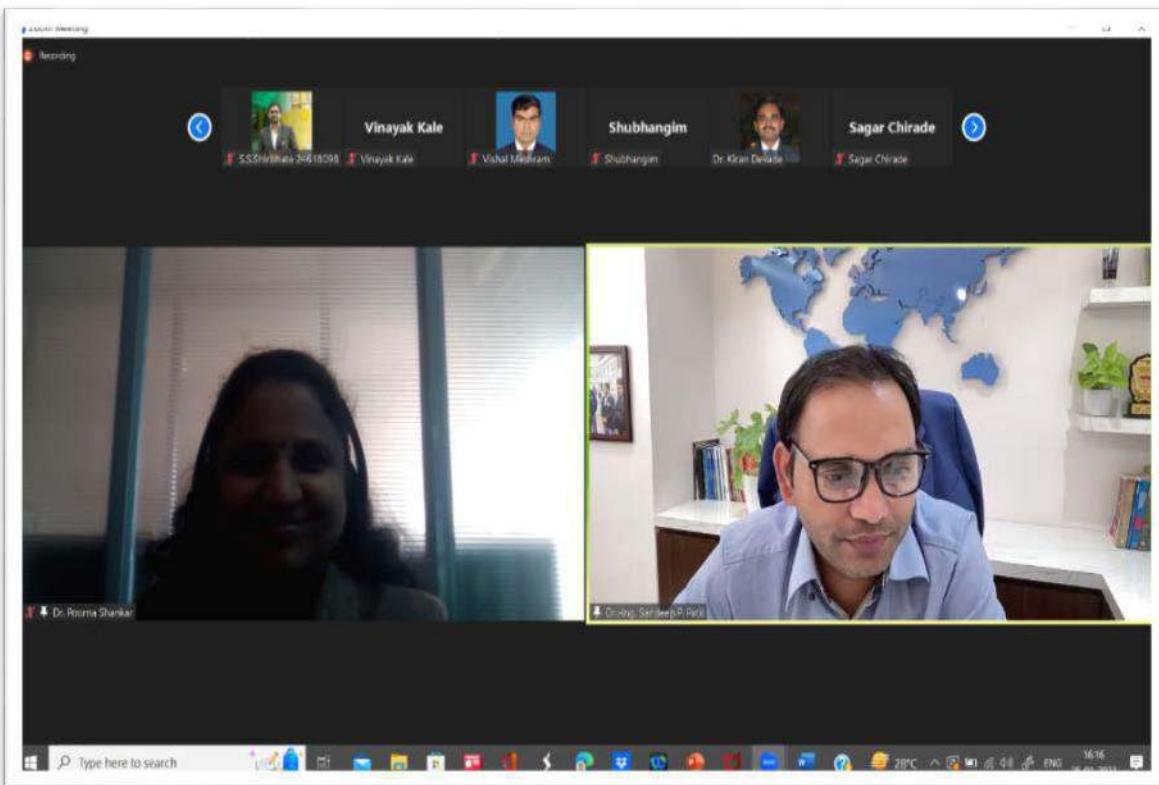

Dr. Patil also discussed the different research groups at RWTH Aachen University, such as the Institute of Automotive Engineering, Institute of Applied Mechanics, and Institute of Machine Tools and

During the Q&A session, Dr. Patil answered several questions related to the admission process, scholarships, and the eligibility criteria for research positions at RWTH Aachen University. He also shared tips on how to prepare a strong application for research positions and emphasized the importance of having a clear research plan. Dr. Poorna Shankar, Dean R&D expressed her gratitude to Dr. Sandeep Patil for sparing his precious time and interactive with the faculty regarding the research avenues in mechanical engineering.

In conclusion, the webinar on "Research Projects and Opportunities in Mechanical Engineering" conducted by Dr. Sandeep Patil was highly informative and provided valuable insights into the research opportunities available at RWTH Aachen University. The webinar helped the participants to understand the importance of research in mechanical engineering and how it can contribute to solving real-world problems. The attendees were motivated to explore the research opportunities at RWTH Aachen University and enhance their research skills.

ACTIVITY REPORT

Event	-	Research Paper Writing
Title	-	Writing a Scientific Research Paper and Publication Ethics
Date	-	10 th March 2023.
Location	-	S.E. Class Room
Time	-	11:00 AM – 01:00 PM

Under Research and Development Practices organized a Guest Lecture on “**Writing a Scientific Research Paper and Publication Ethics**” on 10 March, 2023. The objective of the Guest Lecture was to understand the primary purpose of an academic research paper writing and ways to get started with the writing process. Session started by the felicitation of the speaker by our HOD.

Dr. Poorna, Professor, Dean (Research and Development), was the learned professor for the session. She said that for a quality research it is very important to have the highest standards of integrity, impartiality and respect for data. The session was followed by Question and Answer round, queries of students were answered by our speakers.

The speaker further highlighted as to the attributes and duties of a critical scholar and how the same would affect the quality of research. Some of such attributes includes being scientifically faithful with the research, objectivity, potential to edit the document and ensuring proper acknowledgement of the sources from which relevant ideas have been taken for carrying out the research. The speaker explained all the aspects with the help of illustrations and examples that provided a clearer understanding to the students with regard to the various concepts that were discussed.

Speaker also discussed about plagiarism and gave information about the software used to detect plagiarism. The session included guidance on systematic approach towards writing a research paper, exploring and identifying problems and difference between research article, review article, full format paper, and short format paper. The session was ended with a vote of thanks by Ms. Akanksha Srivastava (B.E. Civil).

The session was interactive and student inputs were appreciated. Students as well as faculty members benefited by the information provided by Dr. Poornashankar.

Notice

All the TE/BE students are hereby informed that a Guidance Session for all students is arranged for “Writing Research Paper in Scientific Style & Publication ethics”. The details are as follows.

Date: 11th March 2023

Time: 11:45 to 1:30

Venue: CKP hall, 4th floor Computer Department

Note:

- Attendance is Compulsory.
- All have to report at 11:30 am.
- Follow dress code.
- ID, dress code is Mandatory.

Subject: - Invitation for Guidance Session on "Writing Research Paper in Scientific Style & Publication ethics"

Dear Dr. Poornashankar,

I hope this letter finds you well. I am writing to extend an invitation to you to arrange Guidance session on "Writing Research Paper in Scientific Style & Publication ethics" at Department of Computer Engineering, Indira College of Engineering and Management on 11.03.2023 from 11:45 am to 1:35 pm. We are honored to have you as the speaker for this event and believe that your vast knowledge and experience in the field of Writing Research paper will be of great benefit to our attendees.

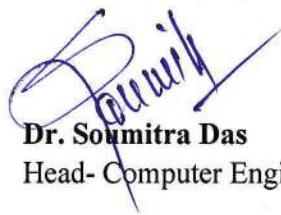

The aim of this event is to provide a platform for students to interact with experts in the field of Writing research Paper in Scientific style and Publication ethics in this field. We believe that your expertise will be invaluable to our attendees and will provide them with a deeper understanding of the subject matter.

We would be delighted if you could join us for this event and share your insights with our attendees. Please let us know if you are available to speak on the aforementioned date and time, and if there are any special requirements that you may have for your presentation.

We look forward to hearing from you soon.

Thank you for your consideration.

Sincerely,

Dr. Soumitra Das
Head- Computer Engineering

Objectives

- What is Scientific Research?
- Characteristics of Scientific Research
- How to write literature survey
- Steps for Citations
- Research Funding Agencies

Workshop:

Guidance Session on “Writing Research Paper in Scientific Style & Publication ethics” has conducted for the Students of ICEM, which is an initiative of R & D department.

Modules covered:

- ❖ Research-Meaning and Definition
- ❖ Characteristics of Scientific Research
- ❖ Steps for Citations
- ❖ Examples
- ❖ Research funding agencies.

Purpose: To educate and given the lecture and guidelines on promotion of Research, Funded Projects, Basic Information of the Principle investigator and the institute, Project Title, Need and Justification, Expected outcomes, Materials and Methods, Experimental Requirements, Other Resources, Financial needs/Budget, Declaration and Summary.

Agenda:

1. What is Scientific Research-Meaning and Definition
2. Characteristics of Scientific Research
3. Level of Research Problems based on the Purpose
4. Problem Formulation:
 - a. Genesis
 - b. Selection of topic and prerequisites
 - c. Understanding and interpretation issues
 - d. Relevance and Social Impact
5. Examples
6. Funding Mechanisms and Proposals

Highlights:

- ❖ The faculty members are having sufficient experience on teaching, research and journal publications. Therefore, they are motivated to think innovatively to take up the research projects related to their fields and it will be helpful to the society as well.
- ❖ He shared his own research experience, Publications etc.

- ❖ A Project proposal should be unique to each project. The format for the proposal slightly varies as per the funding agency guidelines.
- ❖ The researcher should need to understand the mind of the people who will benefit from the project output. They will have many questions, and one need to make sure all those are answered in the project proposal document.
- ❖ Through step by step, the answers are provided for various questions to the professors and faculty members such as problem identification, project/research strategic goal, benefit of the users (or) focused group, deliverables, required resources, cost/budget, risk and issues, roles and responsibility of the coordinator/researcher, preparation of project report etc.

Conclusion: Research Proposal and Research funding workshop provided a valuable educational experiences for attendees. They gained a better understanding of the importance of research proposal and research funding. Finally, he motivated all the participants to write more research articles, publish in the reputed journals, approach government agencies with sponsored project proposals, and file the patents.

One Page Report on

“Guidance Session on “Writing Research Paper in Scientific Style & Publication ethics”

Date: 11-03-2023

Location: CKP Hall, 4th floor Computer Department

Time: 11:45 AM-1:35 PM

Key speakers: Dr. Poorna Shankar

Professor and Dean R&D

Indira College of Engineering & Management, Pune

Indira College of Engineering and Management, Computer Department has organized a Guest Lecture on **“Writing Research Paper in Scientific Style & Publication ethics”** on 11th March, 2023 under the Guidance of **Dr.Poorna Shankar Professor**, Dean R&D Indira College of Engineering & Management, Pune. The objective of the Guest Lecture was to understand the primary purpose of an academic research paper writing and ways to get started with the writing process. The lecture also helped to understand barriers associated with writing a research paper. More than 125+ students of Indira College of Engineering & Management, Pune, attended the session.

Dr.Poorna Shankar Professor, Dean R&D, Indira College of Engineering & Management, Pune was the learned professor for the session. He said that for a quality research it is very important to have the highest standards of integrity, impartiality. The session was followed by question and answer round, our speaker answered queries of students.

Prof. Reshma Kohad, Assistant Professor, delivered an opening Remark, she highlighted the importance and relevance of the topic in the current scenario. **Dr.Poorna Shankar Professor**, Dean R&D concluded the session, where she briefly reviewed some of the points of the session, she also proposed vote of thanks to our participants.

The session was very interactive and all students participated enthusiastically. The Speaker explained all details about how to write effective research paper in scientific style and details of various Government & Non-Government agencies and their criteria's for funding. Speaker has answered all queries asked by students during his interactive session.

Subject: Letter of Appreciation

Dear Dr. Poornashankar,

I am writing to express my heartfelt gratitude for your participation as a speaker at our Guidance session on "Writing Research Paper in Scientific Style & Publication ethics", held on 11th March 2023. Your valuable insights and knowledge on the subject matter have been highly appreciated by the attendees and have added immense value to the event.

Your expertise in the field of Research Paper has been instrumental in providing our attendees with a deeper understanding of the subject matter. Your presentation and hands on was not only informative but also engaging and interactive, which kept the audience captivated throughout the session.

We would like to extend our sincerest thanks for your time and effort in preparing and delivering such an excellent presentation. Your contributions have been instrumental in making the event a huge success, and we are extremely grateful for your support.

We hope that you had an enjoyable experience at our event and look forward to the opportunity of working together again in the future.

Thank you once again for your valuable contributions.

Sincerely,

Dr. Soumitra Das
Head- Computer Engineering

Invitation Letter

To
 Dr. Poornashankar
 Professor & dean Research
 ICEM, Parandwadi

Sub: Invitation as a Speaker on the topic "How to write a Scientific Research Paper" for MBA I students

Dear mam,

I hope this letter finds you in good health and high spirits. I am writing to extend a formal invitation to you to be a guest speaker at our department, to deliver a lecture on the topic "How to Write a Scientific Research Paper." We believe that your expertise and experience in the field will greatly benefit our MBA I students in honing their research and academic writing skills.

Event Details: Guest Session

Date: 16th May 2023

Time: 10:30 am

Venue: Chanakya Hall (Department of MBA)

As a speaker, we kindly request you to cover the following points during your presentation:

- Understanding the structure and components of a scientific research paper.
- Tips for conducting effective literature reviews and gathering relevant sources.
- Strategies for formulating a strong research question and hypothesis.
- Techniques for data collection and analysis in scientific research.
- Addressing ethical considerations in scientific research.
- Guidance on citing sources and creating a reference list in accordance with academic standards.

We anticipate that your insights and guidance will empower our MBA I students to excel in their academic pursuits and develop a solid foundation for their future research endeavours.

We look forward to your positive response by 14th May 2023.

Thank you for considering our invitation. Your presence as a speaker will be highly valued and appreciated. We are confident that your talk will be enlightening and inspiring for our students.

Yours sincerely,

Dr. Archana Salve
HOD-MBA ICEM

Objectives

- What is Scientific Research?
- Characteristics of Scientific Research
- How to write literature survey
- Steps for Citations
- Research Funding Agencies

Workshop:

Guidance Session on “Writing Research Paper in Scientific Style & Publication ethics” has conducted for the Students of ICEM, which is an initiative of R & D department.

Modules covered:

- ❖ Research-Meaning and Definition
- ❖ Characteristics of Scientific Research
- ❖ Steps for Citations
- ❖ Examples
- ❖ Research funding agencies.

Purpose: To educate and given the lecture and guidelines on promotion of Research, Funded Projects, Basic Information of the Principle investigator and the institute, Project Title, Need and Justification, Expected outcomes, Materials and Methods, Experimental Requirements, Other Resources, Financial needs/Budget, Declaration and Summary.

Agenda:

1. What is Scientific Research-Meaning and Definition
2. Characteristics of Scientific Research
3. Level of Research Problems based on the Purpose
4. Problem Formulation:
 - a. Genesis
 - b. Selection of topic and prerequisites
 - c. Understanding and interpretation issues
 - d. Relevance and Social Impact
5. Examples
6. Funding Mechanisms and Proposals

Highlights:

- ❖ The faculty members are having sufficient experience on teaching, research and journal publications. Therefore, they are motivated to think innovatively to take up the research projects related to their fields and it will be helpful to the society as well.
- ❖ He shared his own research experience, Publications etc.

- ❖ A Project proposal should be unique to each project. The format for the proposal slightly varies as per the funding agency guidelines.
- ❖ The researcher should need to understand the mind of the people who will benefit from the project output. They will have many questions, and one need to make sure all those are answered in the project proposal document.
- ❖ Through step by step, the answers are provided for various questions to the professors and faculty members such as problem identification, project/research strategic goal, benefit of the users (or) focused group, deliverables, required resources, cost/budget, risk and issues, roles and responsibility of the coordinator/researcher, preparation of project report etc.

Conclusion: Research Proposal and Research funding workshop provided a valuable educational experiences for attendees. They gained a better understanding of the importance of research proposal and research funding. Finally, he motivated all the participants to write more research articles, publish in the reputed journals, approach government agencies with sponsored project proposals, and file the patents.

**One Page Report
On
Session on "How to Write a Scientific Research Paper"
for MBA I Students**

Date: 16th May 2023

Time: 10:30 am to 12:30 pm

Introduction:

On 16th May 2023, an insightful and interactive session on "How to Write a Scientific Research Paper" was conducted for MBA I students at Department of MBA. The session aimed to equip the students with essential knowledge and skills required to excel in academic writing and research.

Speaker:

We were honored to have Dr. Poornashankar, an esteemed expert in the field, as the guest speaker for this session. With ma'am's extensive experience and profound knowledge in scientific research paper writing, the session promised to be enlightening and enriching.

Key Takeaways:

The session covered various crucial aspects of writing a scientific research paper, providing the students with valuable insights and practical guidance. The key takeaways from the session were as follows:

Understanding the Structure: The speaker emphasized the importance of understanding the structure and components of a scientific research paper, including the abstract, introduction, methodology, results, discussion, and conclusion.

Literature Review: The students learned about the significance of conducting effective literature reviews to gather relevant sources, critically analyze existing research, and identify research gaps.

Formulating a Research Question and Hypothesis: The session highlighted the process of formulating a strong research question and hypothesis, emphasizing the need for clarity, specificity, and relevance in the research objectives.

Data Collection and Analysis: The speaker provided valuable insights on data collection methods, data validation, and appropriate statistical techniques for analyzing research data.

Organizing and Presenting Findings: The students gained knowledge on organizing research findings in a coherent and logical manner, along with effective techniques for data visualization.

Ethical Considerations: The speaker highlighted the ethical considerations associated with scientific research, such as ensuring informed consent, protecting participants' privacy, and maintaining integrity in reporting research findings.

Citation and Referencing: The session covered the importance of proper citation and referencing, including different citation styles and tools available for managing references.

**Interactive Session:**

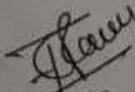

The session fostered active participation and engagement from the students. They had the opportunity to ask questions, seek clarification, and discuss their own research experiences with the speaker. The interactive nature of the session enhanced the students' understanding and allowed for practical application of the concepts learned.

Feedback and Impact:

The session received highly positive feedback from the students, who expressed their gratitude for the speaker's expertise, clarity of explanations, and practical tips shared. The students acknowledged that the session significantly enhanced their understanding of scientific research paper writing and provided them with valuable tools and techniques to improve their academic writing skills.

Conclusion:

The session on "How to Write a Scientific Research Paper" for MBA I students proved to be an informative and impactful event. The students gained essential insights into the intricacies of academic writing, research methodology, and ethical considerations. We extend our sincere appreciation to Dr. Poornashankar ma'am for sharing their expertise and inspiring our students on their academic journey.

Thanking Letter

To
 Dr. Poornashankar
 Professor, Dean- Research
 ICEM

Sub: Appreciation for Speaking on "How to Write a Scientific Research Paper" for MBA I Students

Dear Dr. Poornashankar Ma'am,

I hope this letter finds you well. On behalf of Department of MBA, I would like to express my heartfelt gratitude and appreciation for accepting our invitation to be a guest speaker at our institution and delivering an enlightening lecture on "How to Write a Scientific Research Paper" for our MBA I students.

Your expertise and insights on the topic were truly exceptional and immensely valuable to our students. The clarity and depth with which you covered the various aspects of writing a scientific research paper were instrumental in providing our students with practical guidance and a strong foundation in academic writing.

Once again, we extend our sincere thanks for sharing your valuable time and sharing your expertise with us. Your commitment to educational excellence and your willingness to inspire and guide the next generation of researchers is truly commendable.

We would be honored to welcome you back to our department in the future, should you be willing to contribute to our students' growth and development again.

Please find enclosed a small token of appreciation as a gesture of our gratitude. We hope it serves as a reminder of the positive impact you made on our students and the institution as a whole.

Thank you once again for your invaluable contribution. We wish you continued success in all your future endeavors.

With warm regards,

Dr. Archana Salve
HOD MBA

ICEM
