Report

“Further Studies after Engineering”

ICEM Competitive Examination Cell is Organizing the informative session on “ Further Studies after Engineering ” with Guest Speaker Mr. Abhinav Gogoi, Vice President of INSPIRUS Institute and Namrata Champanerkar ma'am.

Inter-disciplinarity, internationalism and, “Education without Prejudice” are values that Abhinav Sir adheres to strictly. He is an IB graduate from Mahindra United World College of India and completed his higher studies at Jacobs University Bremen and University Bremen (Germany) in Marine Geosciences and Climate Research. He has travelled extensively around the world, doing multiple research projects across the Arctic and Antarctic and other oceans and seas of Europe, primarily working in climate research. During his time in Europe, he also worked extensively in the TOEFL, GMAT / GRE Test Prep with multiple organizations.

The current era is full of competition and the students should appear for number of competitive examinations. The student should be encouraged and guided to prepare for such challenging examinations. Taking into consideration the need of the day the college established the competitive exam cell. Through this cell, the college organizes various activities for the development of the students. The Cell conducts special lectures for the students

The reason for today's session is to become better acquainted about Master Degree / PG Diploma in the respective streams. Through this session, students will gain insight and information that would remain effective in their life about the Entrance exams, admission intake structure and many processes required for further education. In addition, it will help an individual to discover and learn more of the stream of his/her interest and to start planning about their further studies.

131 Number of students took advantage of the online session conducted by this cell through MS Teams. They get knowledge about how to plan and prepare tactfully for the examinations. Through interactions they are made aware of their potentials and abilities as well encouraged to study hard to get SUCCS8

Glimpse of Session

The image consists of four separate screenshots of a video conference interface, likely from a platform like Zoom or Microsoft Teams. Each screenshot shows a different slide from a presentation:

- Top Left:** A slide featuring a large portrait of a man with a mustache, identified as Dr. Sunil Ingole.
- Top Right:** A slide titled "INSPIRUS" with a large circular graphic divided into five segments, each containing text and small icons.
- Bottom Left:** A slide titled "About Us" with a bulleted list of achievements and links to various university websites.
- Bottom Right:** A slide titled "Myth 8" with the text "GRE doesn't help getting bank loans and scholarships." and an image of a "STUDENT LOAN APPLICATION" form.

Report

ICEM Competitive Examination Cell is organizing the Expert session on “Awareness of Higher Education in USA with Scholarship” with Guest Speaker Dr. Dhananjay Panchagade, Director, 007th Sense Consultancy at Mumbai.

The current era is full of competition and the students should appear for number of competitive examinations. The student should be encouraged and guided to prepare for such challenging examinations. The reason for today's session is to become is to become better acquainted about Master Degree/ PG Diploma in the respective streams.

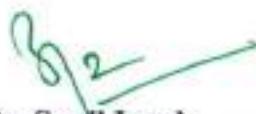

Through this session student will gain insight and information that would remain effective in their life about the entrance exams, admission intake structure, scholarship and many process required for further education In addition, it will help an individual to discover and learn more of the stream of his/her interest and to start planning about their further studies.

152 numbers of students took advantage of the session conducted by this cell. They get knowledge about how to plan and prepare tactfully for the examination.

Through interactions they are made aware of their potentials and abilities as well encouraged to study hard to get success
